

EXPEDITED FULL SERVICE MANUFACTURING SOLUTIONS

Griffin Industries is a full-service manufacturer located in Green Bay, WI. We provide rapid solutions to industry leading OEMs and foundries across the nation. Our team of highly qualified machinist, designers and project managers carefully monitor each step of the process from start to finish to maximize efficiency and minimize risk.

CNC MACHINES

Using a wide variety of techniques and machinery, our team prides themselves on precision and accuracy. We specialize in making thin-walled, complex prototype machined castings with superior surface finish. We are not limited to a single material and can adapt to the individual needs of each project. Please view the chart to the right to learn more about our equipment and the dimensions we are able to accommodate for.
